(2) Demographic and Health Transition - This project is aimed at documenting the demographic and health transition in Africa and Asia using longitudinal health and demographic surveillance data from 4 INDEPTH Member Centres.

(3) Vaccination and Child Survival - The Project objective is to examine the impact of vaccinations on child survival at INDEPTH Centres in Africa. It will try to establish whether gender has any relationship to survival and specific vaccinations.

(4) MSc Leadership Programme - This is an INDEPTH initiated MSc programme in Field epidemiology which is hosted at the University of Witwatersrand in South Africa. The main aim of the programme is to help train young Scientists at INDEPTH Centres in population based field epidemiology to help build human resource capacity at the Centres and also to provide training in leadership.

(9) Cause Specific Mortality Project. This project plans to use data accumulated over a period of time at these centres, and try to determine the specific causes of death across all ages and gender. This will help to determine the burden of such diseases and contribute to better planning by public health professionals and policy makers.

(10). INESS Project. This is a phase 4 trial in eight countries of the network, looking at the safety and effectiveness of anti-malarials in Africa. The results from this study will create a reliable platform for the study of new drugs in a real life situation.
