iSHARE2 7 <sup>th</sup> Training Workshop
iSHARE2 7 <sup>th</sup> Training workshop was conducted successfully in Dubai,
UAE from 7 <sup>th</sup> May - 12 <sup>th</sup> May 2017. Three centres participated in the
workshop and were given a detailed knowledge for installing, configuring,
maintaining and working with the different components of CiB so that
they would be able manage the entire life-cycle of research data
management at their respective centre's HDSS data.

#### **Central Data Catalog**

The Central Data Catalog is a portal for all surveys and datasets held in catalogs maintained by the INDEPTH Network and a number of contributing external catalogs.

#### Vadu HDSS, India

History

We independently track vital events including births, deaths, causes of death, migrations and marriages and serves to monitor trends in fertility and mortality inter alia over time. The word "Demographic Surveillance" means to keep close track of the population dynamics. Vadu HDSS deals with keeping track of health issues and demographic changes in Vadu rural health program (VRHP) area. It is one of the most promising projects of National relevance that aims at establishing a quasi-experimental intervention research setting with objectives. Read More »
